Re: U.S. Patent Application No. 10/016,403  
"Modification of Polypeptide Drugs to Increase Electrotransport Flux"  
Inventor: Leslie A. Holladay

TECH CENTER 1600/2900

Dear Examiner Li:

This letter is in follow-up to a conversation that I had with Examiner George Kunz regarding the above application and an Office Action dated August 16, 2002. This is now the third piece of correspondence (filing receipt, notice of publication and office action) that we have received from the USPTO for this case.

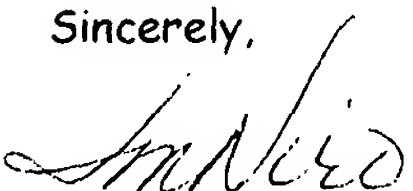

After conducting a search of the publication information on your website, this case is assigned to the Alza Corporation in Mountain View, CA and the correspondence address is listed as Michael Best & Friedrich LLP of Madison, Wisconsin.

Enclosed is a copy of the Notice of Publication that was forwarded to Michael Best & Friedrich on August 19, 2002 and the original office action. The Filing Receipt was previously returned to the USPTO. Since Boston Scientific has no record of this application or inventor and the case is not ours, please contact the attorney of record for a correction to the mailing address and/or customer number.

If you have any questions, please feel free to contact me at 508-650-8573.

Thank you for your cooperation in this matter and I trust that this problem will be corrected so that the inventor does not lose any patent protection on his/her invention.

Sincerely,

  
Jessica M. Niro
